

Channel 28 Morse App - Apple Watch Implementation

Rev 1.2 April 2020

| IMPLEMENTING APPLE WATCH WITH CHANNEL 28 MORSE APP | |
|--|---|
| ITEM | Description |
| 1 | <p>Charge the Apple watch and Pair to an iPhone For more detail see https://support.apple.com/en-gb/HT205189</p> <p>Currently the Apple watch can only be connected to an iPhone.</p> <p>Although multiple watches may be sync'd to a single phone, only one watch can be active at one time, so it is recommended that each watch is paired with a single phone.</p> |
| 2 | <p>Download the Morse Service Call App to Phone</p> <p>Search App Store for "Morse Service Call".</p> <p>Latest Version is 1.5</p> <p>Install the App on the iPhone.</p>  |
| 3 | <p>Install the Morse App on the Watch</p> <p>Open the Watch App and Install the Morse App to the Watch.</p>  |
| 4 | <p>Open the Morse App on the Phone and Configure</p> <p>The Watch App receives the server settings from the iPhone App.</p> <p>Set the server settings in the Window.</p> <p style="padding-left: 40px;">Name: This will show when calls are acknowledged. Server: This is specific for your yacht - contact Channel 28.</p> <p>If the settings are correct - the App will show a green signal. </p>  |
| 5 | <p>Open the Watch App</p> <p>The Watch App will sync the server setting with the iPhone.</p> <p>The system is ready to use - you can close the app by reverting to the main watch screen (press the digital crown).</p>  |

| HANDLING CALLS | |
|----------------|--|
| ITEM | Description |
| 1 | <p>If the iPhone App is open:</p> <p>Calls are sent via a local Wi-Fi connection to the App (not via Internet).</p> <p>Calls do not come to the Watch.</p> <p>Calls can be accepted within the App.</p>  |
| 2 | <p>If the Phone App is Closed:</p> <p>Calls are sent via Apple Notifications to the Phone (via Internet)</p> <p>IMPORTANT: Calls will also be sent to the Watch if:</p> <ol style="list-style-type: none"> 1. The Morse Watch App is not open on the Watch. 2. The iPhone is not in use. 3. The Watch is being worn.  |
| 3 | <p>When a Call is received: Press on the Call Detail</p> <p>Any live calls are shown in orange.</p> <p>Press on the orange call to accept.</p> <p>When all calls are accepted the App will close.</p>  |
